Checkpoint Meeting Minutes

Group Identifier:

Team6

Date of Meeting:

14	03	2017

Attendance Register:

Name	Present
Ryan Welch	X
Ikbal Ali	X
Dimash Danabek	X
Arran Wignakumar	
Isaac Davies	

If present mark with (X), approved absence (A), otherwise leave blank

Progress review of last week

Name	Task Description	Task Status
Ryan Welch	Creating New booking view	C
Ryan Welch	Adding daily view for calendar	C
Ryan Welch	Adding validation to edit booking view	C
Ikbal Ali	Add data validation to customer UIs	C
Ikbal Ali	Adding hourly rate to mechanics in user screen	C
Ikbal Ali	Displaying bills in customer UI	O
Dimash Danabek	Displaying next booking in vehicle UI	O
Dimash Danabek	Move add vehicle into new UI screen	C
Dimash Danabek	Add validation to vehicle UI	C
Arran Wignakumar		
Arran Wignakumar	Planning own module (UML Diagram)	X
Isaac Davies	Working on Parts UI	X
Isaac Davies	Planning own module (UML diagram)	X

Max three rows per group member. Task status: (C) completed (O) ongoing (X) no report

Plan for next week

Name	Task Description	Task Status
Ryan Welch	Showing parts involved in bookings and in spc	N
Ryan Welch	Add more default bookings	N
Ryan Welch	Improving overview UI	N
Ikbal Ali	Cleanup UI bugs and reisizing issues	N
Ikbal Ali	Review requirements for module and test thorougly	N
Ikbal Ali	Displaying bills in customer UI	O
Dimash Danabek	Displaying next booking in vehicle UI	O
Dimash Danabek	Add more default vehicles	N
Dimash Danabek	Check module against requirements and test	
Arran Wignakumar		
Arran Wignakumar	Planning own module (UML Diagram)	X
Isaac Davies	Working on Parts UI	X
Isaac Davies	Planning own module (UML diagram)	X

Max three rows per group member. Task status: (N) new (O) ongoing (X) no report

Other Issues and Risks

The search works now, some of the UI needs refinement on what details should be shown in search and overview screens etc. All UIs work relatively well now and inputs are validated.

The booking UI is almost complete, there are only a few UI bugs to smooth out. The new booking and edit booking screen are lacking Parts and Bill views to show the parts in repair or in spc and the total cost. This is partly due to working with a non-existent spc and parts module. However a simple view will be implemented and the bills are also being worked on.

Both the customer UI and vehicle UI are almost complete and are just testing them and making some minor UI adjustments. There is also some minor UI work, such as adjusting for screen sizes, left in the Admin and Overview pages.
