Arran Wignakumar		
Isaac Davies	Working on Parts UI	X
Isaac Davies	Planning own module (UML diagram)	X
Isaac Davies		

Max three rows per group member. Task status: (N) new (O) ongoing (X) no report

Other Issues and Risks

The UI is making progress, we have almost finished the common UI, only admin UI left.

The database has most models now, only lacking the implementation for SPC

Both the parts module and the specialist repair module are lacking implementation in UI and logic.
